Pick-A-Trick and DO IT!!

This Thursday, May 7!!

Have you seen a lecture recently, or read something in the *Linking Ring* (any magazine) which you really liked and want to try? The next meeting of Ring 21 is the place to be.

The theme of the evening is to pick a trick, any trick, so long as it is from a magic magazine or a lecture and then do it (with explanations would be nice).

Even if you haven't had the time to really work on it, but you think it is a lot of fun, come and show us, get some feedback, if you like, and just have a great evening.

This has always been an enjoyable time, an easy way to get up and perform (if you haven't performed before), sharing magic you enjoy with people who really enjoy magic.

We look forward to seeing you this Thursday, May 7 at the Ring 21 meeting!!!
